

## Foxit® PhantomPDF™ Business

### Multi-Feature PDF Editor for Businesses

Foxit PhantomPDF provides a cost-effective solution for business professionals to work securely with PDF documents and forms. It provides a full featured platform to view, create, edit, collaborate, share, secure, organize, export, OCR, and sign PDF. PhantomPDF is available in two editions: *Standard* and *Business*. PhantomPDF *Business* is geared towards large organizations who require advanced editing and security capabilities. With its enterprise functionality, integration, and mass deployment capabilities, combined with its affordability, it makes a great alternative to evaluate when yearly subscriptions of existing PDF solutions expire.

Edit content and layout like a word processor

### The PDF Solution That Businesses Are Looking For

Foxit PhantomPDF *Business* enables quick and easy creation of professional looking PDF documents, advanced editing capabilities, and high end security to safeguard sensitive information. Key features of PhantomPDF *Business* include:
